Paint Without Oil

Remarkable Discovery That Cuts Down the Cost of Paint Seventy-Five Per Cent.

A Free Trial Package is Mailed to Everyone Who Writes. Everyone Who Writes.

A. I., Rice, a prominent manufacturer of Adams, N. V., has discovered a process of making a new kind of paint without the use of oil. He calls it Powderpaint, It comes in the form of a dry powder and all that is required is cold water to make a paint weather proof, fireproof, sanitary and durable for outside or inside painting. It is the cement principle applied to paint. It adheres to any surface, wood, stone or brick, spreads and looks like oil paint and costs about one-fourth as much.

Senator Paul, of Rockingham, desenator raul, of Rockingnam, de-nounced the bill as answering the clamor only of the bankers of Rich-mond. He said its operation will mean the crippling, to a serious ex-tent, of the smaller municipalities of the State in securing adequate reve-nue.

"The argument will be made here." he declared "that much bank stock is held by poor widows and orphans. That assertion is not founded on fact. The trath is that a majority of it is in the hands of the big business men. Banking is a privileged business, protected by the government and operated on other becopies' money."

Senator Cannon said the tax rate on shares of bank stock is inordinately high as compared with that on intangibles of other classes, and that an injustice is being done the holders of this paper.
